

# Simplicity Matters Earth Institute

## Friends of SMEI Video Lending Library

Updated June 2008, quickly revised Jan 2010. URL: [simplicity-matters.org/video/](http://simplicity-matters.org/video/)

See also our list of [videos about global warming](#)

Videos are available exploring the topics we discuss in our circles -- simpler living, environmental sustainability, and our bioregion.

Now, thanks to generous people associated with Simplicity Matters Earth Institute (SMEI), you can borrow the videos below and organize a video night at your home.

Or you can borrow a series of them, and organize an entire video discussion circle!

### How it works

- Videos are not licensed for public exhibit -- show them in your home, not in a public place.
- Videos are offered as a loan from one individual to another. Simplicity Matters Earth Institute is not part of this exchange other than to make this list available.
- To arrange to borrow a video: E-mail its owner, mentioning your phone number(s) and best time(s) to reach you.
- Loans are based on the honor system. There are no rental fees and no fines for late returns. To keep this going you need to do your part.
- You are responsible for postage both ways.
- Before setting a viewing date, be mindful of the time necessary for the lender to mail the video to you.
- The owner of the video will let you know when to return the video.
- **Return the video in a timely manner, in the original mailing box provided. Include a personal check to reimburse the lender for shipping the video to you.**

### Give back to the community

If you would like to give back to the community by making your videos available to others through this list, please contact Lena <[Lena@simplicity-matters.org](mailto:Lena@simplicity-matters.org)> or 301-432-8721.

### Video List

- Videos are listed in alphabetical order, by name.
- Links will open a new browser window.
- The discussion guides most closely associated with each video are designated in red. To learn more about them visit [simplicity-matters.org/guides](http://simplicity-matters.org/guides). **Northwest Earth Institute discussion guides:** CSL = Choices for Sustainable Living; DSOP = Discovering a Sense of Place; CO<sub>2</sub> = Global Warming Changing Co2urse; HCHP = Healthy Children, Healthy Planet; MF = Menu for the Future; RE = Reconnecting with Earth; SSW =

Sustainable Systems at Work; VS = Voluntary Simplicity. **Different choices:** YMOYL = Your Money or Your Life; LPB = Simplicity Lessons; LCD = Low Carbon Diet.
